Addressed to

Managers and owners of intermodal terminals,
technical experts of intermodal operators
and railways

**Gate automation with OCR-Technologies
Invitation to Workshop on 17.10.2013**

Dear Madame or Sir,

Intermodal terminals are challenged by increasing requirements for checking and documenting their gate processes. It is not only that safety and security are relevant but also the liability change. The European Norm EN 13044 (2010) standardizes the identification of intermodal loading units. Against that background camera portals and Optical Character Recognition (OCR) technologies have been implemented in numerous ports, but also some continental intermodal terminals.

Key users and their suppliers would like to share their experiences with you and we kindly invite you to attend our one day workshop on "Gate automation with OCR-technologies" on

17.Oktober 2013, 10:00-16:00

**in the Best Western Plus Delta Park Hotel, Keplerstraße 24, 68165 Mannheim,
Germany**

The workshop is made of an in-house part and a visit to the KTL terminal in Ludwigshafen, where camera portals have been installed on the rail and road side, recently.

The Workshop will be executed in German language with simultaneous interpretation in English.

In order to facilitate organizing the meeting we would like you to register by responding to this invitation e-mail. The number of seats is limited and we respect confirmations in the sequence of appearance. The workshop is free of charge for you. Only participants that received a written confirmation by e-mail are invited to attend the meeting.

The activities are co-financed by the European Commission in the framework of the Marco Polo Common Learning Action "DESTINY" (www.destiny-project.eu).

Hoping to meet you in Mannheim/Ludwigshafen we remain with
kind regards

KombiConsult GmbH

ppa. Klaus-Uwe Sondermann

“Gate automation with OCR-technologies”

17.Oktober 2013

Best Western Plus Delta Park Hotel, Keplerstraße 24, 68165 Mannheim, Germany

Agenda

09:30 Reception / Coffee

10:00 Start of Workshop

Introduction Uwe Sondermann (KombiConsult)

Successful application in intermodal terminals

Focus rail gate Hans Pieper (DUSS)

Focus road gate Roland Klein (KTL)

Focus integration in terminal management system Ben Beirnaert (Combinant)

Technological details and outlook

Camco Anton Bernaerd

LMT/Visy Bernhard Lübben (LMT)

Mermec Sandro Maluta

Conclusion

13:00 – 14:00 Joint Lunch in the Hotel

14:00 Shuttle Bus leaving Hotel for on-site visit of OCR installations at KTL Kombi-Terminal Ludwigshafen

16:00 Shuttle-Bus return to Hotel and Mannheim Hbf

“Gate automation with OCR-technologies”

17.Oktober 2013

Best Western Plus Delta Park Hotel, Keplerstraße 24, 68165 Mannheim, Germany
